**ABSTRACT SUBMISSION GUIDELINE 4<sup>th</sup> INA-ACC 2020**

1. Abstracts must be submitted and will be selected for oral presentation, moderated poster or printed poster only. Presenters will be notified at which category their abstracts are accepted.
2. The abstract language is English
3. Topics of the abstracts include but not limited to below categories: Acute Coronary Syndrome and revascularization, Acute Heart Failure, Cardiogenic Shock, Sudden Cardiac Death, Daily problems in Cardiovascular Critical Care, ie. Arrhythmias, Imaging and Biomarker, Respiratory Failure, etc.
4. Title should be coherent and indicate the content of the abstract. Abstract titles should be concise and should not contain abbreviations. Please use correct Title Case and make sure to **bold** the entire title.
5. The submitting author is automatically designed as the primary/presenting author. List of author(s), institute(s), city, and country should be written immediately below the title. Institute(s), city, and country should be written in *Italic* and Authors name should be listed by initials followed by surname only. First author name should be underlined.

Example:

A. Zahra, F. M. Pamela<sup>2</sup>

<sup>1</sup>*Faculty of Medicine, University of Indonesia, Jakarta, Indonesia;* <sup>2</sup>*National Cardiovascular Heart Center Hospital, Jakarta, Indonesia*

6. Abstract body should not exceed 300 words (or 150 words if figure(s) included), excluding spaces and must not contain any bibliographical references or appendices.
7. The research abstract content should be organized in following structure:
  - a) Background and Objective
  - b) Material and Method
  - c) Result
  - d) Conclusion
  - e) Keywords. A maximum of six keywords may be submitted.
8. Abstract can be from a case report or case series with recommended content as follow:
  - a) Introduction
  - b) Case Description
  - c) Discussion
